She brings good organizational and listening skills to the Social Services Department.

Denise Grondin, Director of Admissions

Working for over twenty years in health care, concentrating in business office functions, Denise has extensive knowledge of Medicare, Medicaid, HMO's, private insurance, and other reimbursement options.

Welcome

In 1952, Rose Bickford invited some elderly friends to come stay with her and her family. Little did she know that her simple act of kindness was the beginning of a legacy. Today, Bickford Health Care Center continues with the intimate, family-like setting which has become our trademark.

Bickford Health Care Center is a 48-bed, long-term care facility. We are committed to providing the kind of care which the citizens of Windsor Locks and the neighboring communities have grown to expect. We pride ourselves in this quality resident care which is achieved through high staffing ratios and a very dedicated staff.

Our medical staff consists of four physicians who are actively involved with the care of our residents. Additionally we have a full compliment of staff who work with each resident individually including nurses, certified nursing assistants, recreation therapist, social worker, and physical therapists, occupational therapists, a speech pathologist.

We would enjoy having you come to our facility and meet with us to learn more about the program we have to offer, or we are available to come to you at your convenience. Call us today for an appointment for a tour, or to ask any specific questions. We can be reached at 860 623-4351.
